The training programs are geared toward cultivating innovative minds and skills. The company promotes holistic, open, synergistic, and all-encompassing development programs.

Core Principles

Medula Corporate's core principles are as follows:

- Commitment
- Passion
- Dedication
- Perseverance

Corporate Core Values

The Company embraces certain values, which we are trying to impart to all our employees. These values are the guiding principles of:

- How we do our respective jobs,
- How we relate to our colleagues, and
- How we want to be known in the industry

Quality

Delivering results according to corporate targets and standard processes

- This is our commitment; and we always strive to provide the best to our clients
- Quality of Training has been the trademark of the Company for years. We consider this as our strongest competitive advantage.

Customer Focus

Ensuring satisfaction of external and internal clients

- We thrive and strive for our clients; without them, there would be no Company.
- However, we do not look at our external clients alone. Within the organization, we consider each and every work unit and individual as customers – and we try to serve their needs and requirements the best we can.

Integrity

- We always strive to deliver 100% on our promises.
- We believe in sustainable and repeat business.
- We believe in rewarding

Professionalism

Conducting business in the most ethical and just manner

- We encourage and promote the atmosphere of professionalism and ethics.
- We treat each other (especially our clients) fairly and with the highest level of tact and respect.

Strategic Partners

Medula Corporate entered into a strategic partnership with some of the leading training companies in order to provide our clients with a comprehensive portfolio of training courses, seminars, workshops, and consultancy services.

Accreditations

Due to the demand from our clients for accredited courses, most of our popular short courses are now fully aligned to an individual Unit Standard.

Delegates attending these courses have the option to also complete a Portfolio of Evidence (PoE) which, when assessed and found competent, will earn credits that they can accumulate towards a nationally accredited SETA qualification*.

All our short courses are aligned to individual unit standards. These courses are offered publicly as well as onsite at a reduced rate if you have 8 or more delegates
